FAMILIES, SUPPORT AND MEDICAL NOTES

Families

Best suited to older children. All children must remain supervised by an adult at all times on the vessel and in the water. Crew will of course gladly assist parents during in-water activities.

Hearing, vision & cognitive support

Guests requiring assistance need to travel with an accompanying family member or friend and must contact us before booking. The safety and comfort of all guests is of utmost importance to us, and we will give honest and practical advice.

Medical conditions

If unsure, please contact us before booking so we can help determine the most suitable tour. This is especially important for conditions that may affect mobility, stability, breathing, heart health, snorkelling or diving.

Everyone's needs can be subtly different.

Please chat to our friendly staff so we can advise the best options for a safe and comfortable Great Barrier Reef experience.
